Introduction

This inspection was carried out by Ofsted under Sections 49 and 50 of the Childcare Act 2006 on the quality and standards of the registered early years provision. 'Early years provision' refers to provision regulated by Ofsted for children from birth to 31 August following their fifth birthday (the early years age group). The registered person must ensure that this provision complies with the statutory framework for children's learning, development and welfare, known as the *Early Years Foundation Stage*.

The provider must provide a copy of this report to all parents with children at the setting where reasonably practicable. The provider must provide a copy of the report to any other person who asks for one, but may charge a fee for this service (The Childcare (Inspection) Regulations 2008 regulations 9 and 10).

Children only attend this setting before and/or after the school day and/or during the school holidays. The judgements in this report reflect the quality of early years provision offered to children during those periods.

The setting also makes provision for children older than the early years age group which is registered on the voluntary and/or compulsory part(s) of the Childcare Register. This report does not include an evaluation of that provision, but a comment about compliance with the requirements of the Childcare Register is included in Annex B.

There were no children on roll when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children on roll, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states if the provider continues to meet the requirements of registration.

Please see our website for more information about each childcare provider. We publish inspection reports, conditions of registration and details of complaints we receive where we or the provider take action to meet the requirements of registration.

Description of the childminding

The childminder has been a childminder since 1983. She lives in a house situated in the London Borough of Bromley. Nearby are local schools, shops, parks, a bus route and railway stations. All the downstairs areas and the upstairs bathroom are used for childminding.

No children on roll.

When a provider does not have children on roll at the time of the inspection, inspection judgements are based on evidence gathered from discussions with the provider and an inspection of the premises, equipment and relevant documentation.

As there are no children on roll, the quality of the provision cannot be judged better than satisfactory because there is no reliable evidence on which to assess its impact on children.

The overall effectiveness of the early years provision

The provider resigned at the inspection.

Compliance with registration requirements

The registered person does not meet the requirements of registration, and Ofsted will take enforcement action.

Annex B: the Childcare Register
