Summary of key findings for parents

The provision meets requirements

- The childminder has a very good awareness of how to safeguard children in her care. She is aware of the procedures to follow should she have any concerns about a child's welfare. She carries out risk assessments of her home to identify hazards and takes action to minimise or remove them.
- The childminder has a secure understanding of how to implement the learning and development requirements of the Early Years Foundation Stage. She knows how to observe and assess children's progress to plan effectively for the next steps in their learning and development.
- The childminder understands the importance of working in partnership with parents and staff at other settings that children attend. This helps to ensure they work together and provide continuity of care and education.
- The childminder knows how to maintain children's good health and teach them about healthy lifestyles. For example, she encourages children to explore outside to get fresh air and exercise, which supports their well-being effectively. The childminder knows the importance of providing healthy food in line with dietary requirements.
- The childminder has addressed the recommendation from the previous inspection. She understands the importance of seeking to improve her service through her evaluations and regular training.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.
