

Compliance action taken for childcare provision

103855/C280776

Date: 10/05/2016

Summary of outcome

On 1 April 2016, the provider notified us of recent dealings with an outside agency. The information received indicated that the provider had not followed child protection procedures in the past.

We looked into this concern to see whether the provider was meeting the Statutory Framework for the Early Years Foundation Stage, in particular, the requirements relating to child protection.

We initially liaised with outside agencies and then visited the provider on 4 May 2016. We found that the provider has since taken action to improve the child protection procedures in order to safeguard children in line with requirements.

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
