## Summary of key findings for parents

### The provision meets requirements

- All staff attend safeguarding training and have an understanding of how to keep children safe and who to contact should they have a concern about a child's welfare.
- Staff value the importance of working in partnership with parents and the host school, to complement children's skills and experiences.
- The manager understands the importance of training and self-evaluation in improving provision for all children. For example, she takes into account parents and children's views when considering any changes.
- The manager and staff know how to support children's health and well-being. For example, they provide healthy snacks, including regular outdoor play so that children can exercise.
- The manager is knowledgeable about the requirements for the early years foundation stage. She ensures staff offer appropriate opportunities to extend children's interests.
- Staff know how to support children's positive behaviour and build their confidence and self-esteem.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.
