

Compliance action taken for childcare provision

221633/C301890

Date: 15/02/2017

Summary of outcome

On 6 December 2016, we received a notification from the provider that a child in their care had been given too much medication within a short period of time.

This means that the provider met their legal responsibility as set out in the Early Years Foundation Stage welfare requirements in relation to 'suitable people'. In particular, to notify Ofsted particulars of any significant event which is likely to affect the suitability of the early years provider or any person who cares for, or who is in regular contact with children.

We carried out an unannounced visit to the provider to discuss the incident and consider the detailed information that they provided. As a result of our visit we found that the provider had a completed investigation in to the incident.

As a result of the investigations, they have reviewed the systems in place for sharing information provided by parents to ensure that all staff are provided with appropriate information. The use of documentation used to record children's health needs has been reviewed and staff knowledge and understanding of how to use this form has been addressed.

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those

registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the *Early years compliance handbook* which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted .
