

Compliance action taken for childcare provision

EY394585/C352859

Date: 23/07/2018

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 12 July 2018, the provider notified us of an accident to a child in the outdoor play area. This notification means that the provider met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of a significant event.

We found that the provider had taken prompt and effective action to prevent a re-occurrence. The action taken was to:

- improve the arrangements for staff deployment in the outdoor area to ensure children are well supervised at all times
- improve the risk assessments already in place regarding the use of outdoor equipment, with particular regards to the use of the climbing frame and bikes.

We are satisfied with the action taken by the provider and no further action was required by Ofsted on this matter. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying

regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
