

Compliance action taken for childcare provision

Ref: EY395404/3999763

Date: 21 September 2018

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 20 August 2018 we received a notification from the provider and a concern that the provider was not meeting some of these requirements. Following a visit we sent the provider a notice to improve. The provider will be able to give parent further information about this.

Actions needed:

ensure that a record is maintained on any occasion where physical intervention is used. Also that parents and/or carers are be informed on the same day, or as soon as reasonably practicable. In the event where physical intervention is taken ensure that it is clear that the purposes of the intervention is to avert immediate danger of personal injury to any person (including the child) or to manage a child's behaviour if absolutely necessary. To be met by 11 September 2018.

We are satisfied with the action taken by the provider and no further action was required by Ofsted on this matter. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
