

Complaint about childcare provision

Ref: EY307278/4079682

Date: 4 December 2018

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 15 November 2018 we received concerns that this provider was not meeting some of these requirements. We have served a notice to improve that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Action needed:

improve the two-way flow of information with parents to help keep them fully informed about the nursery's procedures for ensuring the safety and welfare of children, including risk assessments and accident and incident procedures.

The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints for five years commencing on the date we complete our investigation.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
