

Compliance action taken for childcare provision

Ref: EY320128/4273758

Date: 14 July 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 5 July 2019, we received a concern. We conducted an unannounced visit where we issued them with a notice to improve. This requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider remains registered with Ofsted.

Action needed by 22 July 2019:

ensure that ensure that individuals who hold designated safeguarding lead responsibilities have sufficient knowledge and understanding of safeguarding to fulfil their responsibilities and ensure that prompt and appropriate action is taken in the event of safeguarding issues arising

ensure all staff have regard to the government statutory guidance 'Working Together to Safeguard Children 2018' and work in effective partnership with children's social care services including maintaining robust records and sharing information without delay.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
